What's the greatest benefit of SHRM membership?

The best thing about being a member of my local SHRM chapter is the opportunity for great networking with other professionals, an opportunity to learn something from the variety of knowledgeable speakers we have each month and the chance to share ideas and experiences which promote personal development and growth.

I would really encourage SHRM members to get involved in their chapters through committee and/or board participation. It makes the overall experience that much more rewarding and allows us to get involved and make a difference for others.
